Former staff allege Redcliffe MP Scott Driscoll subjected them to sexual harassment

by:Mark Solomons From: The Courier-Mail February 20, 2013 12:00AM Increase Text Size Decrease Text Size Print Email Share 2Tweet REDCLIFFE MP Scott Driscoll allegedly demeaned young female staff working for him at the retailers' peak body he ran before he was elected.

It has been alleged he subjected them to sexist remarks and forced one to record her menstrual cycle on an office calendar.

The allegations will raise serious questions about LNP vetting procedures for prospective MPs, with former staff at the Queensland Retail Traders and Shopkeepers Association detailing Mr Driscoll's treatment of them.

LOST: Questions on UK teen's survival skills

JUDGE: A-G backs straight-talking sentencing

LNP insiders say Mr Driscoll had been a "walk-up" for preselection for the seat because of his media profile.

Amy Ellingworth, who worked as Mr Driscoll's personal assistant in 2009 when she was 21, filed a Workcover claim for sexual harassment over Mr Driscoll's behaviour.

According to Ms Ellingworth's claim, Mr Driscoll had told her "that all women should have fake breasts, and it should go under the muscle".

She told The Courier-Mail Mr Driscoll had fired her after he discovered a diary in her office in which she had noted his offensive remarks.

"He would make horrible comments about a strip club that used to be across the road ... and he would make comments about having strippers in for Friday drinks," she said.

Ms Ellingworth, who suffers from endometriosis, said Mr Driscoll had made her mark a calendar with the likely dates of her period after she told him she might suffer pain at those times because of the condition.

She later dropped her Workcover claim because she had fallen pregnant.

"I was very young at the time, but the doctor told me it might be my only chance to have a baby," she said.

"I didn't need the stress."

Mr Driscoll last night would not comment except to say that "the claim was withdrawn".

"It would be highly unfair to publish this on that basis," he said.

A statement provided at the time on Ms Ellingworth's behalf by another female staffer described Mr Driscoll making "sexually explicit references" in her presence including "descriptions of items sold in the adult shop that was located across the road ... and his desire to convert our offices into a strip club for important male clients to visit and discuss business matters".

Alex Macmillan, another of Mr Driscoll's PAs, said he had made her put on a cowboy hat he kept in his office, made "a chauvinistic remark" and then took photos of her.

In an email sent in December 2009, former senior staffer Ken Murphy raised concerns about high staff turnover, warning that despite the organisation having only five full-time staff roles, 20 people had left in the previous 12 months.

Kylie Hobson, who worked at the QRTSA for three years until 2006, said that there had been issues with staff turnover.

The Hon. Campbell Newman,  
Premier  
Queensland

Dear Mr. Newman,

I have been - and still tenuously am - a very strong supporter of yours/your government.

However, like too many others, I have become deeply disturbed by the too-many, too-soon obviously wrongful behaviours of some of your MP's.

It appears now that whenever 'questions' are raised, one finds - later - that there really was fire at the foot of the smoke.

Today's papers raise 'questions' about Scott Driscoll.

Here is not a recommendation to you, but to your cabinet members.

Ladies and gentlemen, a man with long-proved successful leadership abilities I recommend that you do the following - IMMEDIATELY.

Stand as one person behind Mr. Newman and encourage him to sack Mr. Driscoll IMMEDIATELY.

If you hesitate on this matter, you will give life to the biased media and to your opponents that they will be able to make mileage of.

On the other hand, if you act immediately, you will leave nothing for your opponents to say and, more importantly, the Queensland public will know that you are serious about stamping out wrongdoing by M.P.'s

There is one other action to then be taken by Mr. Newman.

He should given every one of his M.P.'s an opportunity to confess and admit to any wrongdoings in which they may have been, or are, engaged.

A decision based on the severity of the wrongdoing should then be made regarding that M.P.'s future.

All M.P.'s should also be cautioned that, failing to disclose any such issues will result in jail time for having lied to the parliament. If at a future date unadmitted wrongdoing is uncovered, then jail time should indeed be the consequence.

If the above is not undertaken, IMMEDIATELY, Mr. Newman, then you begin to increasingly look like Julia Gillard - covering for and protecting wrongdoers. DO NOT go down that road sir - it the highway to guaranteed disaster.

Mr. Newman, one of the many failings of too many people is that they do not understand fundamental human nature.

Generally speaking, a great majority of people will do wrong if they think they can get away with it or if there is not a severe enough downside. .

The advice contained in this letter will be considered as sound advice by any truly competent, able and effective leader who properly understands what is needed to lead people to ultimate success and not to ultimate disaster.

And, both you and God knows that Queensland cannot afford any more failures of government.

Must respectfully,

s.73 Member of the  
Public

An ordinary citizen with extraordinary life's experience and knowledge.

Dear Campbell, Thank you for finding our State MP - he isn't at his office even though he does leave the lights on day and night! - because no one ever answers the call (Cooee is anyone there! is the usual action residents of Redcliffe have to resort to when entering his office area - and no one does respond)so if you actually do see him at a meeting you hold - I presume he does sometimes turn up there at Patliamnet? perhaps you could ask him to repond to the people who he apparently repreents and explain his actions involving the Retail Federation, the IGA and the RCA - we would like answers!

Member for Redcliffe  
Scott Driscoll

I am concerned about what I have been reading in the Media about the State Member for Redcliffe, Scott Driscoll.

If media reports are correct, may I ask that Mr Driscoll to resign as the Member for Redcliffe. I would expect the majority of Redcliffe would like to see a honest, hard working representative, not one of what is reported.

Mr Driscoll lost my respect after his lack of involvement in the de-amalgamation of MBRC Shires project. Then his promises to me that Anglers would obtain improvements to the Woody Point Jetty . This will now not to be carried out as money allocated will go to video CCTV and historical signs.

Mr Driscoll, please have the courage of your convictions and resign if you are guilty of what is reported.

Thank you

Dear Change.org

This is wrong.

You have allowed David Browne to use your email list to defame someone and to demand that he be punished by dismissing him from his membership of the LNP and to call for his resignation from Parliament on the basis of untested allegations.

That is disgraceful.

The allegations made by David Browne against Scott Driscoll are grave. They allege behaviour of the most disgusting and demeaning nature. If they are true then Scott Driscoll should be expelled from the LNP and is not a fit person to sit in the Queensland Parliament.

However Mr Driscoll, and anyone else accused of wrongdoing, is entitled to due process before any action is taken against him to punish the alleged wrongdoing.

That is a deeply entrenched value of our society. It is an essential part of the rule of law which underpins our society's cohesion, its decency and its fairness.

I thought that that was what Change.org was all about.

An appropriate petition would have raised the allegations and demanded that the Premier of Queensland establish an enquiry into Mr Driscoll's impugned conduct and stand him down from his committee roles while they are fully and impartially investigated.

But that is not what this petition which you have published has asked for.

This petition, for which you must take ownership for you have published it, despite your claim that you are not responsible for its content, is offensive to any decent person and an affront to your values as I understood them to be.

I intend to send a copy of this email to Mr Driscoll and the Queensland premier. They can make whatever use of it they wish to.

Kind Regards

Dear Mr Newman.

I voted for you because I've believed that you were a fair dinkum bloke. That you would genuinely try and do your best for the state.

That you would be completely accountable, and members of your government, I still think that mostly.

But unfortunately some members of your government are letting you down aren't they!

These dinners where well off people pay \$11,000 don't look good.

You've said that everybody can have equal access to the government for nothing.

Then why would someone pay you \$11,000 for something they could get for nothing. It doesn't add up.

Don't get me wrong I'm not saying that there's anything dishonest going on. But a lot of feeble minds would think so.

Also if this story about Scott Driscoll is true he should be sacked!

Also its time you polps started supporting our farmers to the hilt before we lose them. Dairy farmer especially from these ruthless and greedy supermarkets. And fruit & vegetable growers.

Message body:

Dear Premier

I write as a member of the LNP [redacted] to express my disgust at the reported behaviour of the Member for Redcliffe. This, hot on the heels of media reported instances involving Roz Bates, Michael Catabianco, Bruce Flegg, and Neil Symes (whose action can in part be attributed to youthful exuberance), counters expectations within the electorate that an LNP government would be less corruption prone than its predecessor. In the instance of the Member for Redcliffe, if accusations raised in today's Courier Mail are with foundation, I respectfully request that you apply the same decisive leadership as you did with David Gibson early in your Premiership and ask the Member for Redcliffe to show cause to the Party as to why his membership should not be cancelled. To do otherwise, takes attention off your Government's achievements and particularly disenfranchises voters in extremely marginal electorates, such as Bulimba, where Labor can only be expected to field its capable candidates.

Sincerely, [redacted]

DEAR PREMIER

What an interesting fellow your Redcliffe representative Scott Driscoll is.

He certainly sets a standard of operations which would leave any reasonable person breathless and wondering how they could avail themselves of the endless opportunities apparently available on the Boards of Departments being funded by taxpayers.

Certainly, fees of \$120,000 are an incentive for anyone to work hard at allegedly concealing their "administration" of certain monies and all through a family company.

I visited Redcliffe recently and was somewhat taken aback by the odour .Finally I realised it was that familiar scent that permeated the Fitzgerald Inquiry, of dead and stinking prawns.

Incidentally, I draw your attention to that report which ended in the jailing of two Cabinet Ministers, who were also supported by the Premier of the time.

I suggest you revisit your "support" for Mr Driscoll and his alleged shenanigans. You may reach another entirely different conclusion as I have.

**Comment:**

I am concerned at Campbell Newmans support of the redcliffe MP. It is very apparent that this MP has acted improperly and I do not understand why the premier has decided to support this mp's behaviour by not sacking him. Why does Campbell Newman tolerate MP's nose in the trough and shonky behaviour. I thought he would have a tough stand on this type of issue.

Support for LNP members who are under scrutiny

Message body:

Dear Premier, as an LNP supporter I am at a loss as to your continuous support of LNP parliamentarians who have serious issues surrounding their current or previous work and activities. Support them until proven innocent or otherwise, but do not make a fool of yourself by supporting them unconditionally. You should know by now that mud sticks and that the Courier Mail will keep on chasing stories [such as the Driscoll one] until things become so bad the person involved will have to fall on his sword. There are obviously issues in Redcliffe re what and how Driscoll has done things. Your spirited support only gives the opposition and more so the public at large [especially those in Ashgrove] too much dirt to throw at you when the next election occurs. I was looking forward to a government that was above nepotism etc but unfortunately the LNP has fallen into the same mode as the ALP did. Thank you for your attention to these matters.
