Dear Carly

Apologies I spoke to you on Friday afternoon regarding a meeting request on behalf of Andrew Forrest but was unable to come back to you until now.

Andrew is Chair of the Indigenous Jobs and Training Review which is being released by the Prime Minister later this week.

Andrew is meeting with the Premiers and relevant Ministers in each state this week and would really like the opportunity to meet with Premier Campbell Newman MP whilst he is in Brisbane tomorrow afternoon.

The reason for the meeting would be to share and discuss the contents of the Review prior to its public release later in the week.

Would you mind letting me know if Premier Newman would be available any time after 1pm tomorrow 22nd of July?

Please let me know if there is any further information that you require. I can be contact on my mobile and look forward to hearing from you.

Best Regards

Dear Ben

Thank you for taking the time to meet with Andrew and the team last week. In confidence, I am pleased to inform you that the Prime Minister has confirmed the announcement of the *Creating Parity Review* will be at 8.30am on Friday, 1 August in Sydney.

It would be appreciated if you could make the Premier aware of this development. Following the announcement, we would be very grateful (as discussed in the meeting) if the State government could show its support publicly for the Review.

Please feel free to contact me at any time with any questions.

Dear Andrew

It was great to catch up yesterday and talk about the work you have been doing as part of your review for the Prime Minister.

CTPI Personal Information

As promised, I am forwarding information on a number of reports and policy initiatives that may be of interest to you personally. Specifically, I have included information about:

1. North West Queensland Strategic Development Study
2. Environmental offsets
3. Queensland's agriculture strategy
4. The Queensland Plan
5. ResourcesQ

Also, for your information, attached is file containing some highlights of relevant Queensland Government renewal achievements.

I trust this information is of interest and look forward to catching up again to have that conversation on China.

Please let me know if ever I can be of assistance, or if you would like more detail on the information I have forwarded.

Regards
Ben

Great State. Great Opportunity.

1. North West Queensland Strategic Development Study

http://www.mitez.com.au/images/docs/nwg_strategic_development_study_final_2014.pdf

This study has identified the major industry and infrastructure priorities to drive economic development in North West Queensland over the coming 30 years.

The Strategic Development Priorities that have been identified in the study include:

- New Mine Development and Exploration
- Agricultural Irrigation and Intensification
- Energy Generation, Security, and Export
- Supply Chain Productivity, Efficiency, and Reliability

2. Environmental offsets

<http://www.qld.gov.au/environment/pollution/management/offsets/>

New environmental offsets framework

On 1 July 2014, a new environmental offsets framework was introduced in Queensland.

The new framework streamlines environmental offsets by providing an outcome-based approach to offsets, removing the complexities and duplication associated with the former offsets framework and aligning offsets across all three levels of government.

The new framework includes:

- [Environmental Offsets Act 2014](https://www.legislation.qld.gov.au/LEGISLTN/CURRENT/E/EnvironOffsetsA14.pdf) (PDF, 490KB) (<https://www.legislation.qld.gov.au/LEGISLTN/CURRENT/E/EnvironOffsetsA14.pdf>) which coordinates the delivery of environmental offsets across jurisdictions and provides a single point-of-truth for offsets in Queensland.
- [Environmental Offsets Regulation 2014](https://www.legislation.qld.gov.au/LEGISLTN/SLS/2014/14SL145.pdf) (PDF, 230KB) (<https://www.legislation.qld.gov.au/LEGISLTN/SLS/2014/14SL145.pdf>) which provides details of the prescribed activities regulated under existing legislation and prescribed environmental matters to which the Act applies.
- [New Queensland Environmental Offsets Policy](http://www.qld.gov.au/environment/assets/documents/pollution/management/offsets/offsets-policy.pdf) (PDF, 795KB) (<http://www.qld.gov.au/environment/assets/documents/pollution/management/offsets/offsets-policy.pdf>) Version 1.0 which provides a single, consistent, whole-of-government policy for the assessment of offset proposals provided by authority holders to satisfy offset conditions.

Offset delivery options

The new policy provides greater flexibility in relation to how offsets can be delivered including:

- Financial settlement—calculate your financial settlement using the [Financial Settlement Offset](https://environment.ehp.qld.gov.au/offsets-calculator/) (<https://environment.ehp.qld.gov.au/offsets-calculator/>) Calculator.
- Land-based offsets.
- Offsets delivered as actions in a Direct Benefit Management Plan.

Or a combination of these approaches.

- Where offset conditions specify, staged offsets can also be delivered.

3. Queensland's agriculture strategy

<http://www.daff.qld.gov.au/business-trade/development/queenslands-agriculture-strategy>

Our 2040 vision for Queensland's agriculture, fisheries and forestry industries is for an efficient, innovative, resilient and profitable sector that thrives in the long term.

This means creating a sector that:

- achieves maximum productivity with optimised inputs and minimised waste
- embraces solutions that value-add and meet new requirements and market demands
- withstands and recovers quickly from difficult conditions
- yields profits and financial rewards for its producers and the economy.

In support of this vision, the Queensland Government has set a clear, ambitious target to double Queensland's agricultural production by 2040.

4. The Queensland Plan

<http://www.queenslandplan.qld.gov.au/>

The Queensland Plan is a 30-year vision for our great state. The plan will outline our shared vision for the next 30 years and identify local and statewide priorities.

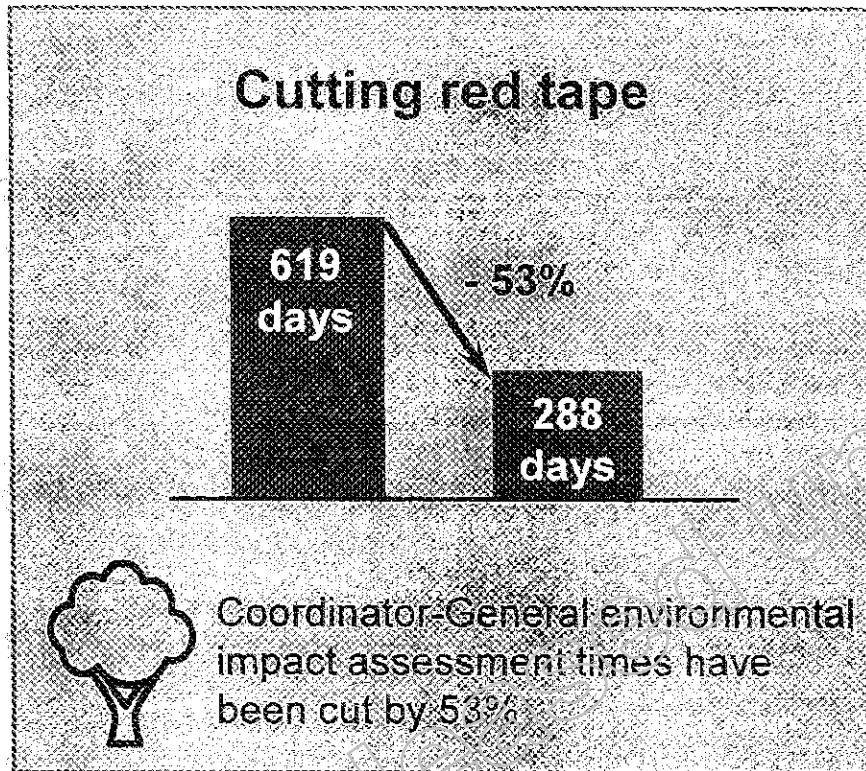

5. ResourcesQ

<http://www.dnrm.qld.gov.au/mining/resourcesq/public-consultation>

The Queensland Government, in partnership with the resources industry, is developing the ResourcesQ 30-year vision and action plan to drive growth and jobs in the resources sector.
