Hi Anna

Thank you for sending the attached.

As flagged, I have been reminded by my adviser that the email at p.27 includes reference “Panel recommends against legislating.....”

That Panel referred to is the Renewable Energy Taskforce established to propose credible pathways to achieving our targets.

The Panel’s report and recommendations is currently being considered by Cabinet to form a Government position.

Therefore the release of the comment relates to that process.

Call if you need further information.

Thanks
